FOR IMMEDIATE RELEASE

Phillips Plastics Corporation® Awarded 2009 Lilly Global Supplier Award

Prescott, Wisconsin - Phillips Plastics Corporation, a forty-four year-old custom injection molder of plastic and metal, was awarded the 2009 Lilly Global Sustained Supplier Award at a special recognition ceremony on April 29th in Indianapolis, Indiana.

In order to be nominated for a Lilly Supplier Award, the Company had to have a measurable impact on Lilly's corporate priorities through the delivery of exemplary quality, speed, service, and/or cost reduction. This is the third supplier award in the past four years that Phillips has received from Eli Lilly and Company.

According to Brad Wucherpfennig, Phillips President and COO, "I am tremendously proud of the partnership Phillips has formed with Eli Lilly and Company. This award confirms Phillips' belief that keeping not only our customers but also our customers' customer in mind separates us from the rest of the marketplace and makes us a preferred, world-class supplier."

About Phillips Plastics

Phillips Plastics Corporation is a high-tech contract manufacturer and custom injection molder of plastic and metal with annual sales of over \$250 million. The Company employs 1,300 people in 14 locations throughout the United States, including design centers in Wisconsin and California, and a medical campus with 176,000 square feet of FDA registered facilities dedicated to high volume medical and clean room manufacturing. Phillips Plastics provides complete services from concept design, rapid prototyping, and tooling through production, assembly, packaging and distribution to virtually every market.
